Functions of Transition Words

Sentences written in sequence are held together by chains of meaning. Those chains take definite forms that can be expressed by transition words and phrases. The following chart lists transition words and phrases grouped according to the specific idea or relationship that each word or phrase expresses. Study the list, and then do the exercises that follow.

Relationship Expressed	Transition Word or Phrase
Add another thought or emphasize a thought	<i>besides, also, what's more, furthermore, in addition, again</i>
Arrange ideas in order of time, space, importance	<i>first, next, then, finally, meanwhile, later, afterward, eventually, nearly, above, below, in front of, beyond, to the left, to the right</i>
Connect contrasting or opposite ideas	<i>still, however, on the one hand, on the other hand, yet, nevertheless, rather, on the contrary</i>
Add an illustration or explanation to an idea	<i>for example, for instance, in other words, specifically</i>
Show that one idea is a consequence or result of another idea	<i>so, therefore, consequently, accordingly</i>
Show that one idea is an exception to another idea	<i>of course, though, to be sure</i>
Show one idea as a summary of another idea	<i>in short, in brief, to sum up</i>
Show similarity between ideas	<i>in the same way, similarly, likewise</i>

Exercise 1

From the parentheses following each pair of sentences, choose the transition word or phrase that best expresses the chain of meaning between the two sentences. Write your choice in the blank.
